

## ***REINAUER TRANSPORTATION COMPANIES***

April 15, 2004

### **Health, Safety and Environmental Policy Statement**

Reinauer Transportation Companies, LLC. Is a full service Marine Transportation Company dedicated to providing an efficient and professional service to our customers, a safe healthful workplace for all employees and an environmental commitment to an incident-free standard of performance at all times.

The goals of all Reinauer employees, regardless of position are:

**ZERO INJURIES**

**ZERO ACCIDENTS**

**ZERO POLLUTION**

The safety of persons, the vessel and the environment are factors which are to be given the greatest consideration in reaching any decision, or in the undertaking of any operation.

A primary responsibility of every Captain (Tugs and Barges) is the safety and well-being of his/her fellow crewmembers. No Captain may ever be relieved of this responsibility.

The safe operation of vessels depends upon observation of applicable laws, rules, regulations and established safety procedures for all personnel. While the responsibility for enforcing the aforementioned requirements rest largely with the captain, it is a matter of concern to all personnel to see that they are observed. All shoreside personnel as well share this responsibility.

  
**Craig Reinauer**
